Mr. Garth Oksol, PE, Project Manager  
**REGIONAL TRANSPORTATION COMMISSION OF WASHOE COUNTY**  
1105 Terminal Way, Suite 108  
Reno, Nevada 89520

Dear Garth:

**Reference: Plan Line Study for the SouthEast Connector  
Final Report**

Please find attached the final report for the Plan Line Study for the SouthEast Connector between the intersections of South Meadows Parkway/Veteran's Parkway and Greg Street/Sparks Boulevard.

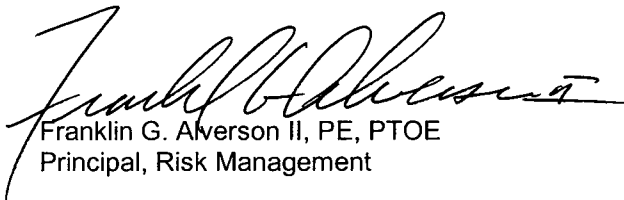

This report focuses on investigations of the key issues affecting the design of a SouthEast Connector roadway within the Valley Corridor, identification of conceptual alignment alternatives, and the development of a preferred horizontal and vertical alignment. The purpose of this report is to provide a tool for the Regional Transportation Commission to make key planning and funding decisions with regard to providing a roadway link between the South and East Truckee Meadows.

Included with this cover letter is a "Project Summary Report" containing a brief four page summary of the Plan Line Study. The purpose of this document is to provide a synopsis of the project from a broad based, less technical view.

We wish to thank you for the opportunity to prepare this plan line study. We will be pleased to discuss and answer any questions that may arise.

Sincerely,

**STANTEC CONSULTING INC.**

  
Franklin G. Alverson II, PE, PTOE  
Principal, Risk Management

Joseph A. Mactutis, PE  
Project Manager, Transportation
